tert-butanol hydrofracking comparison of IRIS to Norwest white paper 4-28-15.docx

Hello Bob and Maureen -- Attached are briefing materials for the draft IRIS assessments of tert-butyl alcohol and ETBE. The attachments include a comparison of our TBA assessment with that done by consultants to Norwest.

Later today I'll send you a short piece on evidence integration, but it needs a bit of clean-up first.

Our pre-briefing is scheduled for 2pm Thursday afternoon.

See you soon,
Vince
